

The history of the IAEA Safety Standards and the present services for enhancing their footprint for safety

Tuesday, 26 September 2023
15:30–16:30, *in-person event*
ESPACE, M building, ground floor

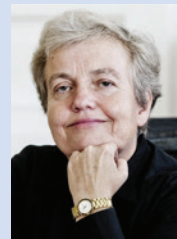

Explore the journey of the IAEA Safety Standards from the IAEA's first publication in 1958 to today's series of publications. A panel discussion with DDG-MT, DDG-NS and other leading experts will discuss the evolution of the Standards from various perspectives including the IAEA's role in their development, their practical use in Member States and their dissemination.

Margaret Doane
